Sir,

I have the honour to state that an estimate amounting to Rs 497/- was sanctioned to sink a well of 6' diameter to a depth of 29' in the Municipal Park of Hassan with a view to supply good drinking water during the hot weather of 1909. But as the work progressed it was found necessary to increase the diameter of the well to 8' and the depth

5

to 35' so as to increase the capacity of the well to contain sufficient quantity of drinking water Accordingly a revised estimate was ordered to be prepared

2 When this revised estimate was placed before the Municipal Council at the meeting held on the 27th August 09, a resolution was passed to the effect that Government Sanction be obtained to the revised estimate of ~~Rs~~ 875/- as the well has an abundant supply of very good drinking water Copy of the Council's resolution is enclosed for reference

3 In the above circumstances, I request that you will be so good as to obtain the Sanction of Government to the revised estimate (amounting ~~to Rs~~ 875/-) herewith Submitted in duplicate together with a comparative Statement the cash being much out of the Grants available

under Public Works" in the current year's Budget of the Hassan Municipality

I have the honour to be
Sir
Your most obedient servant

Hassan Ben Bernaz
for President of Municipality
